Both need to step it up if receiving credit is important to them and Marilyn. They have gotten a bit better, but their attitude is still one of just hanging out. Separated ~~_____~~ is ok, ~~_____~~ is apathetic & checked out. Is rude if hat or phone is taken. -~~_____~~ will notify ~~_____~~ of concerns.

~~_____~~ is doing online classes - is not participating in graduation if doesn't finish. Referred to 8th period.

~~_____~~ ...missing assignments in Econ. She did ask me today, what she could work on tomorrow..so hopefully she will get caught up. She did do the invention assignment and that will probably bring her up to passing for the 3rd quarter...however it is an ongoing pattern for her, to not turn in assignments and try to catch up at the last min. - F in Art & F in AP Spanish, not turning work in. Issue is missing assignments: Jenna will talk to her about work.

~~_____~~...missing assignment in Econ... He also completed the invention assignment and will squeak by for the 3rd quarter....again turning in assignments an issue - ~~_____~~ has him in tutorial, please e-mail him assignments & he will have him work on them in tutorial.

~~_____~~ still needs to complete the invention assignment along with others. Concerns about behavior & choices. Has been working in Jenna's room & has been stuck on invention project. "Case of the lazies," is not motivated. ~~_____~~ will adopt her to her room for 7th period.

~~_____~~ big concern...currently passing gov(with a D) not up to passing in Econ...too many absences...and just not focused on school. Failing Chem & Pre-calc., Referred to 8th period, poor attendance. PG year. Physical & mental health are more important than finishing. 11th grade: Math online is almost done.

Come every day & finish everything -

Offer to come back next year. - manageable this year

GED/Dual enrollment
